Preface

This is my attempt to make proteomics data analysis in R accessible to other scientists. Took me a while to learn it, so why not share it.

(Please imagine an impressive overview figure.)

Chapter 1

Introduction

Hi.

1.1 Setup R and RStudio

1.2 Nummer 2

Bye.

Chapter 2

Data handling

Hi

2.1 A

Hello

Chapter 3

Basic analysis workflow

Bonjour

3.1 A

Hola
